

Website Provides Information on Property Tax Rates

Property tax information for **UVALDE COUNTY APPRAISAL DISTRICT** is available at:

Truth in Taxation (countytaxrates.com). This is the official website on which property owners can easily access information regarding property taxes, including the amount of taxes that each entity that taxes a property will impose if the entity adopts its proposed tax rate. Property owners may also visit Property Tax Transparency in Texas | Texas.gov to find a link to their local property tax website. Taxing units regularly update this website during August and September as local elected officials propose and adopt the property tax rates that will determine how much you pay in property taxes. The website allows property owners to provide feedback on the tax rate process and provides the following property-specific information for each taxing unit authorized to levy a tax on the property, including:

- property values
- proposed tax rates
- an estimate of property taxes that would be imposed under the proposed rates
- dates and locations of public hearings on the tax rates and
- other useful information on taxing unit budgets, revenue, and rate calculations.

Continue to check the website for updates throughout the tax rate adoption process in August and September.

You may request the same information from the Assessor of each taxing unit for your property by requesting their contact information from your Tax Assessor-Collector at:
